

CERTIFICATE

WE HEREBY CONFIRM THE PARTICIPATION OF

Angshuman Buragohain

AT THE "CO2 FROM WASTE TO VALUE"-CHALLENGE.

The "CO2 from waste to value"-Challenge is an Open Innovation Challenge initiated by EnBW and organized by ekipa, in which students, researchers and startups from all over the world developed new approaches, ideas and solutions to solve one of the main challenges of our time, which is the (re)use of emitted CO2 and by that making an environmental impact.

TOGETHER WITH THE TEAM

Energreen

the participant developed an innovative and viable business case that demonstrates, that CO2 could be an important raw material of the future.
